

Supply Chain

# Quality Policy

Monsanto Supply Chain is committed to providing the best customer experience with every product and service we deliver. In pursuing this objective, we commit to continually improve our performance in the delivery of quality products and Operational Excellence.

Working as ONE TEAM, we ensure our customer satisfaction through the analysis and action on reliable information, continuous improvement and compliance to laws and regulations that govern our business.

## Quality Objectives:

- Growing customer loyalty through understanding and meeting needs & expectations.
- Delivering the best in class technology to our customers
- Securing Freedom To Operate through compliance and excellence in our Quality Systems.
- Driving Operational excellence in processes to increase efficiency and deliver the perfect order.
- Engaging each employee within their area of responsibility.
